

AUTHORIZATION TO CLOSE HOME EQUITY LINE OF CREDIT

The ability to draw funds on the Home Equity Line of Credit (HELOC) is suspended for 30 to 60 days to accommodate the pending payoff transaction and HELOC draws presented during this payoff period will not be accepted. If any amounts remain due on the account after payoff, repayment of that amount will be required (absent a bankruptcy discharge order) and remains on the account to the extent permissible by law, even if the HELOC is closed and the property released.

If the intention is to pay the account off in full and permanently close the HELOC, Onity Mortgage must receive the payoff amount, and this signed form to close the line of credit. Once the signed closure form is received and the account is paid in full, the account will be closed and a lien release will be requested.
